Domenico Avino

Software Engineer

Profile

Experienced Software Developer adept in bringing forth expertise in design, installation, testing, and maintenance of software systems. Proficient in various platforms, languages, and embedded systems. Experienced with the latest cutting-edge development tools and procedures. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

Employment History

Software Engineer Intern at Intel Corporation, Hillsboro

August 2022 — Present

Currently working as a Software Engineer Intern at Intel Corporation. I'm working on a project that aims to improve the efficiency of Intel's internal systems. I'm helping interns to develop their skills and knowledge in the field of software engineering. I'm also helping them to improve their communication skills.

Full Stack Web Developer at ArkHub Srl, Poggiomarino

May 2022 — July 2022

- Provided effective troubleshooting and remediation for web applications.
- Planned, developed, tested, deployed, and maintained web applications.
- Worked to solve complex problems using the latest in Cloud, Mobile, and Web Technologies.

Education

IT and Telecommunications, I.S.I.S Einaudi-Giordano, San Giuseppe Vesuviano

September 2019 — Present

Currently studying Computer Science at I.S.I.S Einaudi-Giordano. My course of study is focused on software, network, and systems engineering. I'm also self-taught in C++/Python and Java. I will graduate in June 2024.
